## How to Gain Healthy Flesh

Schramm-Johnson, Drugs, Advise Use of Samose.  
While thinness may not be a disease, yet it is in reality a condition that needs attention. Under the nourishing power of Samose healthy, natural flesh will soon be attained. This remarkable flesh-forming food strengthens the system generally and builds up the fleshy tissues so that good, natural plumpness results. An ounce of flesh is better than a pound of theory. Schramm-Johnson, Drugs, believe that the best possible demonstration of the flesh-forming power of Samose is to have it tried by their customers and to induce them to use it if they offer to pay for the Samose in case it does not give satisfaction. No stronger proof than this can be given of their faith in it. They have seen hundreds who were weak, thin and scrawny, become plump, robust and strong, solely through the use of Samose.

of a little distance. He is the great big man who goes up town and brings everything in his pockets, and the rest of it in his head, and then he tells us, "I'm a little tired, but I'm a little better." Mr. Kroeck, while a widow in Salt Lake, married Myron L. McKee some years ago, who was long after discovered that the divorce he had secured from his former wife was illegal, and the marriage to Mrs. Kroeck was annulled.

### Struggle in Nevada.

CARRSON, Nev., April 5.—An effort to name Republican candidates for the primary election which is to be held here tomorrow, resulted tonight in a split. A Taft ticket was named but a Roosevelt ticket will be put in the field tomorrow.

RENO, Nev., April 5.—Primaries of the soap-box order will be held in all counties of Nevada tomorrow to select delegates to the Republican state convention at Fallon, May 6. In some precincts, notably in White Pine county and Esmeralda county, it is reported that primaries will not be held by the order of county central committees and this has given rise to protests by Colonel C. R. Reeves, representing the Roosevelt committee in Nevada. He had declared that primaries could be conducted by the Roosevelt followers in these counties unless they are held by the regular committee. Protests have been sent by him to Congressman Roberts against the alleged "pernicious activity" of Postmaster Collins of Goldfield, who is charged with being responsible for a plan to appoint delegates instead of electing them at primaries. Reeves has also protested to Washington concerning the activities of Andrew Maize, chairman of the Republican state central committee, who holds the federal appointment of assayer of the mint at Carson.

### Alignment Settled.

BOSTON, April 5.—The alignment of political forces for the Massachusetts primaries on April 30 was settled today with the expiration of the time limit for withdrawals from the tickets.

Republican voters will express their preference between Taft, Roosevelt and La Follette, while Democrats will choose between Clark and Wilson.

The La Follette leaders did not file a list of candidates for delegates to the Chicago convention and the Roosevelt committee failed to fill a vacancy in the First district, but will seek to win with stickers. Taft candidates appear in all districts. Independent candidates were named in several districts.

There is no provision in the primary law for so-called "circle" voting for any group of delegates and voters will be required to mark for eight delegates and eight alternates at large, two district delegates and two alternates and to express a presidential preference.

### Will Not Interfere.

WASHINGTON, April 5.—President Taft let it be known today that he did not intend to have anything to do with the framing of the platform of his party in New York state. No official statement was made, but inquiries were informed that the president had no intention of trying to inject his own views into the party platform in New York or any other state.

Several leaders of the party in New York recently have talked with the president about the platform that will be presented to the Rochester convention, but he is understood to have refused to take any part in the platform writing.

Senator Root is said to have been asked to write a plank dealing with the recall of judges and decisions.

### Long End for Wilson.

MILWAUKEE, April 5.—Latest returns on the state presidential primary show that Champ Clark will have at least four delegates to the national Democratic convention. Wilson has twenty delegates. Two delegates from the Ninth district will be in doubt until the official canvass. Returns in one county were sealed and forwarded to the state capital and none of the election officials is willing to disclose the result.

### Two Delegations.

DETROIT, April 5.—Two delegations of 192 members, one for President Taft and the other for Colonel Roosevelt, will represent Wayne county at the state Republican convention at Bay City April 11. At the county convention today the Taft men elected in the regular convention a solid delegation.

### Cummins Gets Two.

WATERLOO, Ia., April 5.—Senator A. B. Cummins won the delegation to the national convention at Chicago in the Third district convention here at 11 o'clock on the sixty-second ballot. Franklin county's delegation went over to the progressive side, breaking the deadlock.

Third district delegates to Republican national convention are C. B. Santo and O. E. Morton. They announced themselves for Cummins first, last and all the time, but are not instructed.

## HEYBURN OF IDAHO ATTACKS THE PRESS

WASHINGTON, April 5.—Senator Heyburn of Idaho today made a debate on the bill to reconstitute the printing laws the occasion for an attack upon newspapers. The senator was pressing an amendment which, however, was not voted on, to reduce the subscription price of the Congressional Record in an effort to popularize its circulation. Senator Heyburn said the modern newspaper printed only facts and sensations about Congress and added that if the people were compelled to depend upon newspapers for their education, the government could not long continue. "If the Congressional Record should be suppressed," he cried, "Munchausen's record of travels would be mild in comparison with the newspaper accounts of the proceedings of Congress."

The senator added that newspaper men who made use of courtesies extended by the senate treated Congress as a joke. He felt confident that under his proposal of a reduced subscription price, the Congressional Record would have a circulation of 2,000,000.

## Housework Drudgery

Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. ## You Say You Believe in Buying the Home Product First—Now PROVE IT.

The week just closing has been a glorious one for Utah, and for Salt Lake City. Merchants, manufacturers and people in all lines of activity have been surprised and pleased at the loyalty and good will displayed toward Utah products. There has been manifested a new and more determined spirit to place Utah and Salt Lake City in the position to which both are justly entitled.

Let it not all end in sentiment. Remember that the good to be realized can only come from ACTION---action on your part---not only today, but every day.

Talk Utah products and Utah industries. Boost the community in which you live, and out of which you make your living. When you buy any article, investigate the Utah article first, and if it is as good value for the money, buy it every time in preference to the importation from outside the State.
